## Hardware and Software Recommendations

### Recommended configuration

- Intel-compatible processor, 1 Ghz or better
- Windows™ Vista, XP, or 2000
- 512 megabytes of RAM (256 minimum)
- 500 MB of available disk space
- Microsoft Excel 2000 (version 9.0) or higher if using the Excel linking feature
- 17-inch or 19-inch XGA monitor (1024 x 768 resolution and matching video card)
- 32x CD-ROM reader
- 600 dpi laser printer and matching driver
- Internet Explorer 5.5 or higher (5.0 minimum)

No other software is required to use BSD CostLink/AE. Formatting and printing of reports can be accomplished from within the program. If desired, BSD CostLink/AE files may be exported as PDF or RTF files, but all intelligence associated with the files will be lost when this step is taken.

BSD CostLink/AE may be installed on a local area network (LAN) for use by any number of workstations. The number of concurrent users will be limited by the subscriber's license agreement.
